

Meera Das

AI/ML Engineer

Total Experience: 7 Years | Domain: Pharmaceutical Research

Professional Summary

Technology professional with 7 Years of experience delivering scalable enterprise solutions across Pharmaceutical Research. Skilled in modern engineering practices, cloud-native architecture, and agile delivery models.

Detailed Technology Stack

Primary Technologies	Python, TensorFlow, PyTorch, NLP, Pandas, Scikit-learn, ML Pipelines, Docker
----------------------	--

Professional Experience

HCL Technologies – AI/ML Engineer

- [illegible]

Wipro Technologies – AI/ML Engineer

- [illegible]

- Infosys Ltd. – AI/ML Engineer**

- [illegible]

Major Projects

- Architected and delivered large-scale platform modernization improving scalability, reliability, and performance of enterprise systems.
- Architected and delivered large-scale platform modernization improving scalability, reliability, and performance of enterprise systems.
- Architected and delivered large-scale platform modernization improving scalability, reliability, and performance of enterprise systems.
- Architected and delivered large-scale platform modernization improving scalability, reliability, and performance of enterprise systems.
- Architected and delivered large-scale platform modernization improving scalability, reliability, and performance of enterprise systems.
- Architected and delivered large-scale platform modernization improving scalability, reliability, and performance of enterprise systems.
- Architected and delivered large-scale platform modernization improving scalability, reliability, and performance of enterprise systems.
- Architected and delivered large-scale platform modernization improving scalability, reliability, and performance of enterprise systems.
- Architected and delivered large-scale platform modernization improving scalability, reliability, and performance of enterprise systems.

Achievements

- Received organization-level award for high-impact technology delivery.
- Recognized for driving microservices and cloud adoption across teams.
- Improved deployment efficiency through automation and DevOps practices.

Education

M.Tech in Software Engineering – BITS Pilani (2014)

Certifications

- Microsoft Azure Administrator Associate
- Google Professional Data Engineer

Leadership & Contributions
