

Vikram Nair

Senior Data Engineer

Total Experience: 10 Years | Domain: Manufacturing Analytics

Professional Summary

Technology professional with 10 Years of experience delivering scalable enterprise solutions across Manufacturing Analytics. Skilled in modern engineering practices, cloud-native architecture, and agile delivery models.

Detailed Technology Stack

Primary Technologies

Python, PySpark, Hadoop, Hive, Airflow, Kafka, Snowflake, SQL, Azure Data Factory

Professional Experience

Tech Mahindra – Senior Data Engineer

- [illegible]

HCL Technologies – Senior Data Engineer

- [illegible]

- IBM India Pvt Ltd – Senior Data Engineer**

- [illegible]

Major Projects

- Architected and delivered large-scale platform modernization improving scalability, reliability, and performance of enterprise systems.
- Architected and delivered large-scale platform modernization improving scalability, reliability, and performance of enterprise systems.
- Architected and delivered large-scale platform modernization improving scalability, reliability, and performance of enterprise systems.
- Architected and delivered large-scale platform modernization improving scalability, reliability, and performance of enterprise systems.
- Architected and delivered large-scale platform modernization improving scalability, reliability, and performance of enterprise systems.
- Architected and delivered large-scale platform modernization improving scalability, reliability, and performance of enterprise systems.
- Architected and delivered large-scale platform modernization improving scalability, reliability, and performance of enterprise systems.
- Architected and delivered large-scale platform modernization improving scalability, reliability, and performance of enterprise systems.
- Architected and delivered large-scale platform modernization improving scalability, reliability, and performance of enterprise systems.

Achievements

- Received organization-level award for high-impact technology delivery.
- Recognized for driving microservices and cloud adoption across teams.
- Improved deployment efficiency through automation and DevOps practices.

Education

B.Tech in Computer Science – Visvesvaraya Technological University (2012)

Certifications

- AWS Certified Solutions Architect – Associate
- Google Professional Data Engineer

Leadership & Contributions
